Application for

Professorships in the Social Sciences

Documents:

For your application please provide the following **required documents (in English) in PDF** with a maximum size of **3 MB** per document. Please make sure to clearly label **all** documents with your name and the type of document (example "Smith_CV.pdf") before you send them. Please keep the file names as brief as possible and use different file names for each document.

- Completed application form
- Letter of application (max. one page)
- Curriculum Vitae including certificates (from PhD / doctoral diploma onwards)
- Full list of publications
- 3 selected publications with a summary (max. 1,000 characters) of their impact in your field
- Statement of research strategy (up to five pages) and how it relates to the key innovation areas (and methodologies) mentioned in the call
- List of courses taught (since 2017)
- Statement on teaching strategy and philosophy, including in life-long learning/executive education (up to two pages)
- List of third-party funding (please specify funding source(s), title of project(s), amount of funding and your role(s) as principle investigator or co-investigator or comparable)
- Names and addresses of 5 reviewers without conflict of interests (to be included in this application form)

Please send solely per email to:

appointments@sot.tum.de

Guidelines and detailed information about the TUM Faculty Recruitment and Career System are available at www.tum.de/faculty-recruiting.

Area(s) of Application	Please tick your main area(s) of expertise
Technological transformation of society	
Sustainable mobility and energy systems	
Urban spaces	
Medicine and health	
Diversity, equity, and inclusion	
A Personal Details	Please complete
Last name	
First name(s)	
Preferred pronouns (optional)	
Title	
Current position	
Current employer, address	
Private address	
E-mail address	
Phone number	
Website	
Date and place of birth	
Nationality	
Language skills	
Family/parental leave and total number of month of family/parental leave (optional)	
Disabled status (optional)	
B Academic Background and Research Profile (Overview)	

ORCID-ID and/or other relevant profiles (e.g. SSRN, ResearchGate, etc.)	
Studies / University degrees Year(s), respective subject(s), overall grade(s), institution(s)	
Doctorate: Grade, date and academic department/institution	
Title of dissertation	
Habilitation (if applicable): <i>Venia Legendi</i> , date and academic department	
Title of Habilitation	
or equivalent academic achievement (if applicable)	
Years of postdoctoral experience (if applicable)	

Focus of academic research, including main research methods	
Experience(s) in interdisciplinary and/or multi-method and/or translational research	
Periods of stay in other countries and/or main international collaborations	
Academic job offers received or placement on list of top candidates to date (if applicable)	
(Max.) 5 most important award(s) (incl. year)	
(Max.) 5 most important memberships in academic association(s)	
Leadership experiences (project/group)	
(Max.) 3 other significant contributions (e.g. advisory activity, community engagement, etc.) as relevant to the topics of the call (optional)	

C Publications		
Three most relevant publications (bibliographical references)		
Original Works	total number of publications	
	Books / edited volumes	
	First author / single author papers	
	Last author papers	
	Thereof peer reviewed	
Google Scholar	h-index	
	total number of citations	
	h-index since 2017	
Additional metrics relevant to your field and work (optional)		
Coverage of your work in the media (e.g. major newspapers, journals, etc.)		

D Third-party funding		
As Principal Investigator (or comparable)	Source	Amount (in Euros or US Dollars, approximate)
	National Science Foundation or equivalent	
	EU (Horizon, etc.) or other flagship funding programs in your region	
	Other public funding (please specify)	
	Foundations	
	Industry	
	Other sources of funding	
	Funding sum of the last 3 years as principal investigator:	
	Transferrable:	
	As Co-Investigator (or comparable)	Source
National Science Foundation or equivalent		
EU (Horizon, etc.) or other flagship funding programs in your region		
Other public funding (please specify)		
Other public funding (please specify)		
Other public funding (please specify)		

	Foundations	
	Industry	
	Funding sum of the last 3 years as co-investigator:	
	Transferrable:	
E Teaching and Knowledge Sharing		
Teaching background and record	Teaching since:	average number of hours per week per semester (if applicable):
Administrative responsibilities in teaching		
Other teaching activities (e.g. summer schools, projects, online courses) and innovative concepts		
Additional forms of knowledge sharing in programs with educational mission (incl. life-long learning, executive education) – 3-5 highlights only		
Average number of students mentored per year (including supervised theses)		
Were individual teaching evaluations carried out at your academic unit?	<input type="radio"/> yes please include documentation	<input type="radio"/> no
F Your Brief Comment on TUM Diversity Code of Conduct	Please enter your information in <u>concise key words</u>	
How would you contribute towards the TUM Gender/Diversity Code of Conduct? (optional)		
G External Reviewers/Proposals	Please only list persons who do not face conflicts of interests*. We encourage the nomination of female experts.	
Title, first name, last name Current affiliation, address, e-mail address		
Title, first name, last name		

Current affiliation, address, e-mail address	
Title, first name, last name Current affiliation, address, e-mail address	
Title, first name, last name Current affiliation, address, e-mail address	
Title, first name, last name Current affiliation, address, e-mail address	

* As a rule, the following circumstances result in exclusion:

1. First-degree relationships, marriage, life partnership, domestic partnership with the candidate.
2. Personal (financial) interest in the proposal's success or (financial) interest by persons listed under no. 1.
3. Current (within the past three years) or planned close scientific cooperation with the candidate.
4. Dependent supervisory relationship (e.g. teacher-student relationship up to and including the postdoctoral phase) with the candidate, extending six years beyond the conclusion of the relationship.
5. The affiliation or pending transfer to the department or to the non-university research institute of the candidate.

Any other situation that would compromise the referee's ability to evaluate the proposal impartially.
